Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising notice free any more than a merchant can afford to give his customer free goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter to what part of the paper they appear.

We'll Break the Rule!

January, as a rule, is a dull month for clothing people. We believe that the dullness is the fault of the merchants. They labor under the impression that nearly everyone has laid in their winter supplies and fear to expend money for printer's ink. We will break the rule and see what virtue there is in printer's ink and the offer of good clothing at about 50 cents on the dollar. Now, the first thing you want to do is to read this ad. carefully; the next is to come and see the goods advertised. What will follow will be a rule-breaker.

On Thursday morning, January 18th, and until the end of the month, all our fine Beaver Overcoats—garments that sold for \$10, \$12 and \$15—will go at \$8.75.

Our finest Beaver, Kersey and Cover Overcoats that sold at \$18, \$20 and \$25 will go at \$15.

Our Cheviot and Cassimere Suits that sold at \$10, \$12 and \$18.50 will go at \$8.75.

Our finest Cheviot, Worsted and Cassimere Suits that sold at \$18, \$15 and \$20 will go at \$12.

We need not comment on qualities. Everybody knows what class of Clothing we sell.

\$4.90! \$4.90!

This represents the selling price of 250 all-wool Cassimere and Cheviot Suits that we recently closed out from C. Meyers & Bro., Philadelphia. Not a Suit in the lot that isn't worth \$8. They come in four styles and all sizes. We believe them the greatest bargains we were ever able to offer you. Thursday morning the entire line will be in our show-window. Look for the \$4.90 Suit. It's a hammer.

For extra bargains in fine shoes come to us. We want to close out our heavy shoes to make room for our spring stock.

Spot Cash will be the watchword during this sale.

Resumption

If it pays to keep your front doors open, it must pay to keep your name before the readers of THE LEDGER—they are your customers....

Don't fail to place your "ad" in THE LEDGER if you want the most for your money.

You can buy Sterling Silver Spoons for less money than ever before known this week at McCarthy's, the Jeweler.

James Wiggins and Miss Lou Hoveal, eldest daughter of ex-Sheriff Hoveal, were married in Robertson county a few days ago.

Smith Hodge of Concord has bought the saw and gristmill of Erastus Hodge at Buena Vista and will move it to the former place.

Gasoline was responsible for 55 fires in Cincinnati last year. The number of persons burned to death by explosion of the fluid is not stated.

All city licenses are now past due. In another column Mayor W. E. Stallcup gives notice that all parties not having their licenses paid by February 1st will be dealt with according to law.

A big heech tree recently felled on a North Auburn (Me) lot yielded two and one-half cords of wood, measured 20 inches at the base and showed 100 rings, the rings denoting its annual growth.

At the recent Scandinavian exhibition was a ribbon of Swedish steel eight inches wide, cold rolled, 2,354 feet long and weighing 1,146 pounds, twisted as a silk band would be round about the pavilion.

Little Irene Evans of Forest avenue, aged 6 years, the only child of Mr. and Mrs. James Evans, was taken down Sunday one week ago with sore throat. Her illness grew alarmingly, until that horrible and malignant disease, black tongue diphtheria, had developed, carrying her off Sunday, being sick just one week. The funeral took place yesterday morning, with brief services at the grave.

The Ashland News says the indications are that the Hotel Aldine, which has been closed for several years, will be opened again in a few weeks.

Mrs. John Whitney, formerly Miss Annie Fleming, a native of this county, died at her home at Portsmouth last week in the eighty-fourth year of her age.

It is said that the case of Ed Stevens, who was sentenced at Newport to ten years for assault on Mrs. Gleason, will be decided. In regard to the other members of the gang yet untired, their cases will come up the latter part of next month, and there is strong probability that the indictments against them will be nolleed, the evidence not being considered sufficiently strong to convict.

The Murray Comedy Company opened a week's engagement at the Opera-house last night to a crowded house. The parts taken by the leading players, Vivian Pate and Harry Stanley, manifested the varied talents of these people on the stage. In every detail the show was first-class and proved itself worthy of large houses this week. The Merry Cobbyler is the title of the play for tonight.

Ex-Constable Frank Funnell on Monday found the remainder of Mrs. Hattie Mitchell's jewelry that had been stolen. It was hidden under the floor of the buggy shed at the Mitchell residence near Mayfield. The Columbia Trust Company, Assignee for the Kentucky Trust Company, has completed its statement of the assets and liabilities of the defunct institution. On the face of the statement the nominal assets are \$149,295.89, with liabilities, \$152,219. However, the greatest part of the assets are worthless, and those that are good are pledged for debt. It is thought that the company will not pay one cent on the dollar and there is nothing at all for the depositors. William Hiencke the missing Manager looted it completely.

ASSIGNED YESTERDAY.

Mr. George Wood Makes a Deed of Trust For Benefit of Creditors.

Mr. George Wood, one of the best known farmers of the Washington neighborhood, yesterday died a deed of assignment to Messrs A. M. J. and William D. Cochran.

The assigned property consists of 431 acres of the land, with all stock and improvements thereon, saving the exemptions allowed by law.

No schedule of liabilities is given, but the land is encumbered by a bonded debt of \$22,500, with a mortgage debt of \$3,000, making \$25,500 in all.

It is thought the property will more than pay the debts.

The Messrs. A. M. J. and William D. Cochran have accepted the trust, with Robert A. and Horace J. Cochran as sureties.

MR. JOHN WHEELER.

Death of This Life-Long Resident of Maysville at His Home Last Evening.

Mr. John Wheeler died at his home at 22 East Fourth street last evening at 7 o'clock after an illness of nine weeks of a complication of diseases.

Mr. Wheeler was born in Maysville March 29, 1844. In 1865 he started in the confectionery business in this city and by strict attention and uprightness he made his commercial life a most successful one.

He had been twice married, his first wife being Miss Lizette Mangan, by whom one daughter, Mrs. C. C. Gitchardson of Cincinnati, survives. His second wife was Miss Anna Shaffer of Newport, who with one son is also living.

Mr. Wheeler was a prominent member of the Neptune Fire Company, belonging to no other societies.

The arrangements for the funeral had not been completed when THE LEDGER went to press.

We All Know

There is a popular belief that eyes cannot be properly fitted outside of an oculist's office, but we are constantly proving the incorrectness of that belief. If you have a dull pain about the eyeball, or if, when reading, the letters seem to run together, call and be relieved. We charge nothing for examination, and guarantee satisfaction in every case.

RARE SPORT.

A Battling Cockfight Pulled Off on Wall Street During Last Night.

There was a battle-royal between gamecocks on Wall street last night, attended by a goodly crowd of local sports. The passing of the famous Aberdeen wharftoat has forced the devotees of the pastime to transfer the arena to this city.

The Monongahela registered 197 feet 7 inches at Pittsburgh and rising. The Monongahela is rising all the way to Fairmont, where the rise was 8 feet in a few hours. With this "encouraging" news people along the banks of Ohio have begun to move up higher, as it does seem as though a good floodtide will be reached the latter part of the week. It is raining all along the stream again today, with fair prospects of another ten hour down-pour.

FLOTSAM—JETSAM—LIGAN!

NEWBY NOTES FROM NATURE'S GREAT HIGHWAY.

The Little Bay passed up last night for Pomeroy.

The Bonanza will attend to the Pomeroy business tonight.

The Virginia passed down last night from Pittsburgh and will return tonight for that port.

The new Pittsburgh and Cincinnati packet Queen City broke another record Saturday. She passed up with the heaviest freight trip ever taken out for Pittsburgh. The principal item of her freight was sugar and molasses, though she had a large amount of miscellaneous freight. She started away from Cincinnati with over 600 tons of freight aboard and was drawing about 5 feet of water. This is considered wonderful. She has over 1,200 barrels of molasses in her cargo.

Notwithstanding the weather man's tale that the Ohio would not reach a 40 foot stage above Cincinnati, it has gone beyond that and is still rising at the rate of an inch an hour, at 9 o'clock the gauge showing 44 feet at this point—a big river. The Ohio river at Davis Island reached 17 feet yesterday. The Allegheny is on a rampage, and the Pittsburgh and Western Railway tracks and passenger station in Allegheny City are flooded with a stage of about 20 feet. Some damage to coal interests on the Allegheny wharves is reported. At 11 o'clock yesterday morning the Monongahela registered 197 feet 7 inches at Pittsburgh and rising. The Monongahela is rising all the way to Fairmont, where the rise was 8 feet in a few hours. With this "encouraging" news people along the banks of Ohio have begun to move up higher, as it does seem as though a good floodtide will be reached the latter part of the week. It is raining all along the stream again today, with fair prospects of another ten hour down-pour.

"The best way to get rid of a bad law is to enforce it."—General Grant.

CLARENCE SKELING has confessed to breaking into the Postoffice at Owensville. He will soon be able to announce that he has broken into the Penitentiary as well.

NOW THAT "Honest Dick" TATE has been legally declared legally dead, what's to hinder him from coming home? Surely you can't legally try a man who is dead.

SILAS MARTIN of Richmond has been for the past six months secretly at work on a machine that he claims will practically solve the question of perpetual motion. It is not stated whether SILAS is a Populist orator or just a plain barber.

THE political shysters won a doubtful victory over the Governor a year ago, but every day it is growing more and more apparent that BRADLEY is by long odds the leading Republican of Kentucky. His name will shine when those of his opponents stink.

THE Stanford Journal notes that the Legislature seems to be generally in accord with Governor BRADLEY. Most of the engagements in his message have been presented in bills which will become laws. It is rather singular that a body composed for the most part of Democrats should give him such support, but they recognize that his recommendations were non-partisan and for the public good.

THE discussion in the Senate on the Immigration Bill shows very clearly where the Republican party stands in the matter of intelligence and law and order. The leading men of the party have spoken out clearly and vigorously in favor of a law which shall exclude from the United States the ignorant, the depraved, and the unsatisfactory classes which have during the past few years made up such a large proportion of the immigration. The Republican party, it will be remembered, passed a measure of this kind during the closing months of President CLEVELAND's term, and it was vetoed by him. Now that there is a Republican President in the White House, a Republican majority in the House of Representatives, and a larger number of Republicans than of any other party in the Senate, there is reason to believe that the measure will become a law, and that the world will be given to understand that the party in control of affairs in the United States does not desire to recruit the citizenship of this Nation with ignorant and degraded men, and is not willing to permit this class to come into competition with intelligent American citizens for the control of the National affairs.

are indebted to the honest, hard-working, poorly-remunerated farmer for these as well as all other good things of life. "We are a farmer," and proud of it. Born in the hills of Broken county, and early taught the use of such weapons as the plow and hoe, we have made this a lifetime study, and now come to the people of Mason and the adjoining counties with the fruits of our labor, viz: The best line of Machines and Farming Implements manufactured. We have learned by experience in many cases that the 10 per cent. plan works most beautifully in the implement business. There's where we are at our best. Come in and see us explore the implement balloon filled with wind and wartime prices. Through the Board of Trade the citizens of Columbus have offered \$500,000 and 500 acres of land for the location of the Government armory-plate plant.

The surface of the sea is estimated at 150,000,000 square miles, taking the whole surface of the globe at 197,000,000, and its greatest depth supposedly equals the height of the highest mountain, four miles. The Pacific Ocean covers 78,000,000 square miles, the Atlantic 25,000,000, the Mediterranean 1,000,000.

THEY'RE WEALTHY.

Eight Members of the Legislature Are Worth at Least \$2,000,000.

There are some rich men in the present General Assembly.

The aggregate wealth of the following eight members is estimated at \$2,000,000: John T. Hinton of Bourbon, W. H. Cooke of Warren, Waller Sharp of Bath, C. J. Bronston of Fayette, J. M. Thomas of Bourbon, William Goebel of Kenton, C. Stepe of Louisville and H. G. Petre of Todd.

Mr. John T. Hinton is reputed to be the wealthiest member, while it is said that none of the eight falls under \$100,000 and the average is \$250,000.

Several of them are the most active opponents of corporations and trusts that can be found in the Legislature, or even in the state.

Eight or ten other members are reputed to be worth from \$25,000 to \$75,000, and possibly one or two of them would reach \$100,000.

THE BATTLESHIP

Maine Ordered to the Port of Havana, Cuba.

It is Reported to Be at the Request of Consul General Lee.

To Establish a Coaling Station at Havana or Swamian Island, West Indies—The Truth in the Report That Gen. Lee Has Tendered His Resignation.

WASHINGTON, Jan. 25.—Senator Elkins Monday introduced a financial bill. It restricts the denomination of greenbacks and treasury notes to bills of \$5 and upwards; provides that national banks may issue currency up to the par value of bonds deposited; reduces the tax on circulation to one half of one per cent, and allows national banks to be established with \$25,000 capital and towns of 8,000 population.

Mr. Elkins' bill was introduced by committee on naval affairs, said that the Maine's going to Havana was an entirely national movement. The sending of our ships to the ports of the

United States has not been recognized a condition of war as existing.

Representative Meyer, of Louisiana, of the naval committee, expressed his indignation at the sending of the Maine to Havana. When foreign war ships come to New Orleans, said Mr. Meyer, it is regarded as a mark of respect, and Spain can not possibly take umbrage on the presence of the Maine at Havana.

Assistant Secretary of State Day Monday night: "There is absolutely no truth in the report that Gen. Lee has tendered his resignation. He is in perfect accord with the administration and the administration with him."

Senator Gorham Monday introduced a joint resolution empowering the secretary of the navy to send a commission to the West Indies for the purpose of investigating the practicability of establishing a coaling station at Havana or Swamian Island.

New York, Jan. 25.—The World's Washington correspondent says that the battleship Maine was ordered to Havana in response to a dispatch from Consul General Lee. After six o'clock Monday night either dispatches from Lee were received at the state department, transacted with the Maine.

CONFLAGRATION.

Great Eastern Block, Spokane, Wash., Destroyed.

The Loss of Life is Estimated all the Way From Ten to Fifty.

The Upper Part of the Building Was Used for Light Housekeeping by a Number of Men, Some of Whom Were Injured.

SPokane, Wash., Jan. 25.—At midnight fire broke out in the Great Eastern block on Riverside avenue. The building is a six-story brick and the upper floors are used for light housekeeping. It is feared that 50 or more persons have perished in the awful fire.

The upper floors are occupied by 100 roomers and it is not thought that more than 25 have been saved.

The building is owned by Louis Levisky, of St. Paul, Minn. It cost \$235,000, and is insured for \$300,000. The first floor and basement were occupied by John W. Graham, with a large stock of stailoery. The flames are beyond the control of the firemen and will extend to adjoining buildings.

At 1:30 the fire was under control. Only the walls of the building remain. Estimates of the loss of life vary from ten to fifty.

W. D. Lloyd was sitting in his room on the fifth floor when the alarm was given. He was in bed at that time on that floor, he said, "perished."

He had a narrow escape. Wrapping his head over as he came down the stairway, as he ran down the stairs he had his foot caught in the door and he fell. He saw five persons on that floor who he is convinced perished. He heard persons falling all around him suffocated by the smoke.

Allice Willard, aged 18, is known to have perished. Her sister Maude was also in the building.

The building, a six-story structure, was totally destroyed. The loss on furniture and contents is estimated at \$100,000.

Later—it is now known that 150 lodgers were in the upper part of the building. It is known, yet, how many lives were lost, but the first estimate is about correct.

The fire started in the cellar and had gained considerable headway before discovered, as nearly all in the building were asleep.

The wife of Dr. Graham, on the second floor says she heard an explosion in the cellar about 1:15 and this may have been the origin of the fire.

THE WITNESSES

Who Declined to Answer Questions Put to Them

By the State Senate Bribery Investigation Committee at Cincinnati

Are Threatened With Proceedings in Contempt. This Includes A. B. Voorhees and Rudolph E. Koehler. Also, Mr. Myers, Mr. Evans, a "Warrior" and Cincinnati.

CINCINNATI, Jan. 25.—It was nearly 10 o'clock when Monday's investigation began.

Allen O. Myers, sr., was the first witness examined. He gave his business as a "newspaper man," not a journalist. Maj. Dick is the secretary of the republican executive committee and the personal manager of Mark Hanna.

I heard of Maj. Dick as managing Hanna's campaign. Cleveland had decided to be called to Columbus and took charge of Hanna's and Bowditch's campaign.

He was a manager. E. L. Hollenbeck in Ohio politics for the last ten or twelve years. When he has done any thing worth to do, he has done it.

One of the witnesses in the last campaign seems to have been to secure democratic votes when called to the stand.

William M. Daugherty was chairman of the state central committee and one of the managers. I have heard that he had been the purchase of a populist convention at Columbus and the celebrated "Iron chisel."

I never saw H. Hollenbeck to know him. I never saw Gen. Henry H. Boyes, nor did I ever hear of him until this morning.

I do not know S. D. Hollenbeck, but I know of him in his political connections. The first I ever heard of H. Hollenbeck was through his connection with the attempt to bribe John C. Otis.

After the second telephone call I was called to the stand and said that I turned the matter over to Kurtz, as he was not to mix in with affairs involving republicans with Ed Archer to follow Hollenbeck to Cincinnati.

We did not have to use detectives. Next morning my boy came to Columbus with the stenographic notes. I did not know that my boy had told the story to him.

I thought then that they had secured all the evidence possible in the Cincinnati matter, and I advised that the matter be made public as soon as possible.

At noon Mulvihill and Archer returned from Cincinnati and said they had followed H. H. not S. D. Hollenbeck, until he had registered at the Hotel Europa.

They had secured possession of a telegram to young Hollenbeck warning him that he was followed by the police and giving an exact description of themselves.
